- Once registered, the system will automatically direct you to your assessment.

**Step 3:**

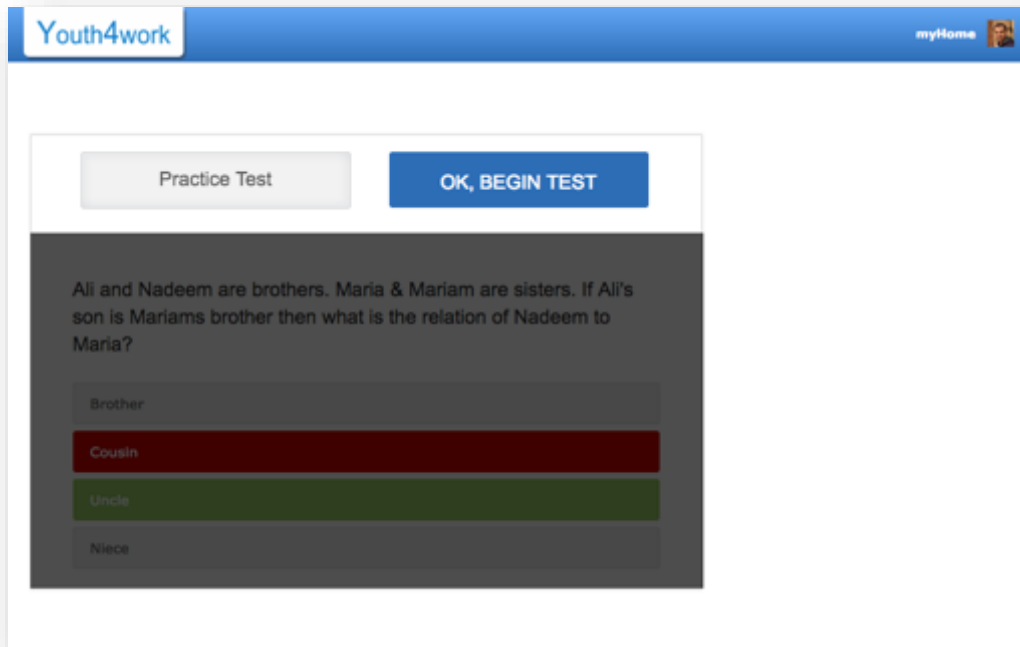

- Take the first practice question to understand the testing scenario.

- Each question will have 4 options and a timer on the top. You have to select the correct option within the time limit provided.

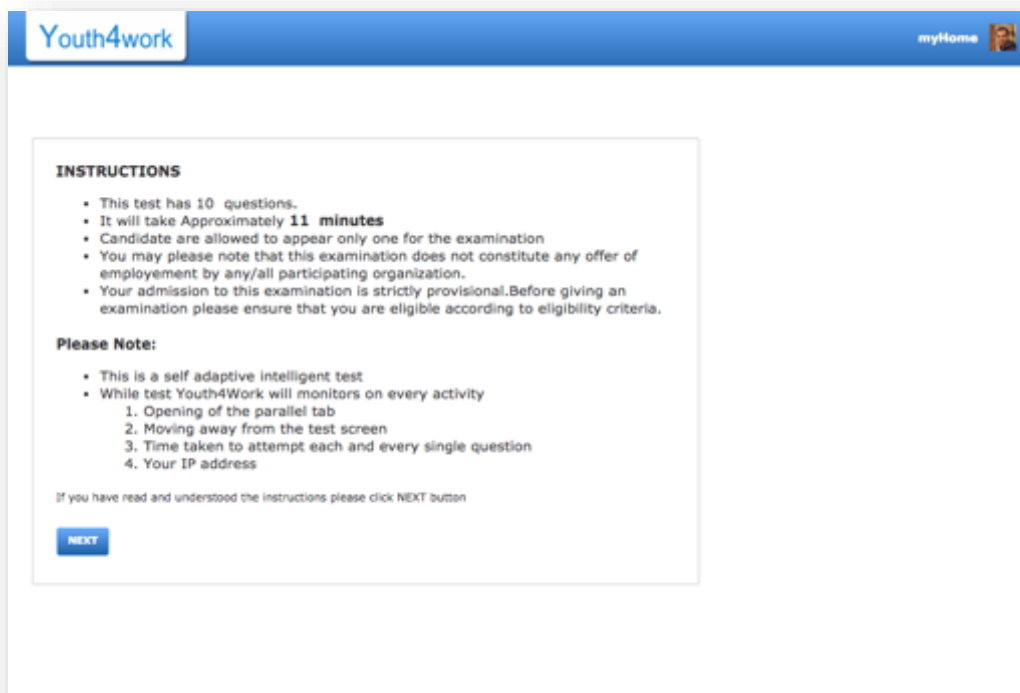

- Once you select an option, you will see if your answer is correct or not. Correct answer will turn green, incorrect will turn red. However, to show the correct answer or not is an option set by the organization itself.

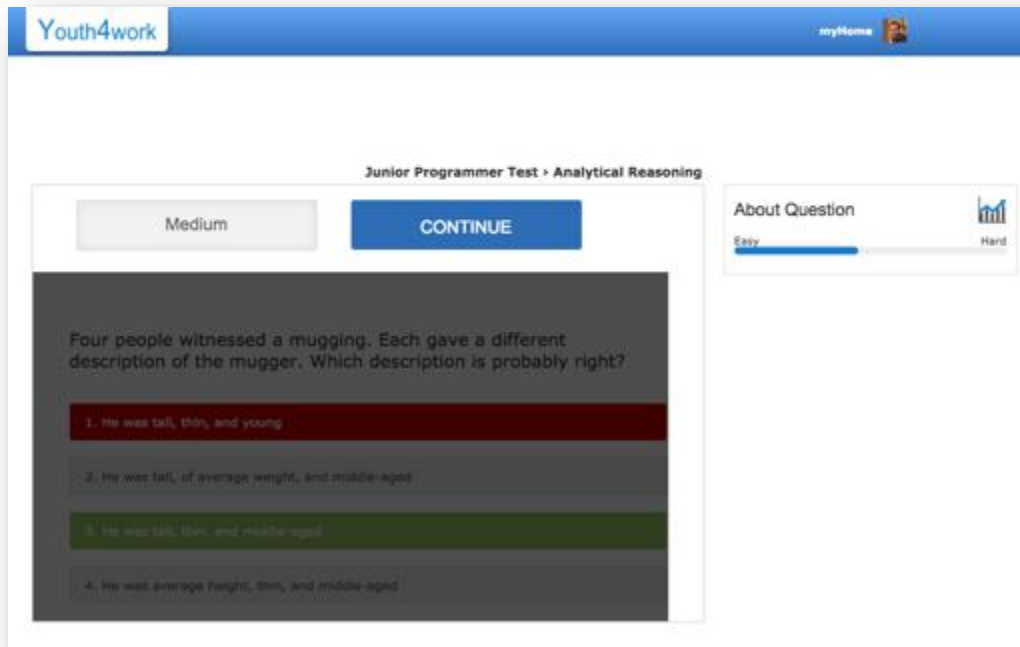

- Click on “OK, BEGIN TEST” button to enter into your main assessment.

#### Step 4:

- Once you click on “OK, BEGIN TEST”, you will get a set of instructions important to the assessment.

- Click on “NEXT” button to start the assessment.
- You will start getting questions with the name of test and sections (if any). Answer them one by one by clicking “CONTINUE” button.

- After the attempt you would see if the question was Easy or Hard and the correct answer (if the organization has activated that option)

### Step 5:

- When you submit your assessment, you will see an acknowledgement message. This is a proof of your assessment completion.
- The organization gets notified of your submission and takes the next steps of evaluation and shortlisting.

Thank you for attempting this assesment

Your result has been delivered to the employer. In a further processing employer will shortlist you according to your **result and profile**. Hope you had a good experience and *good wishes for your future*.
